

Manual for changing Password for MySQL database

Step 1:

Login to Mysqldbrowser via <http://ddwap.mah.se/mysqldbrowser> or via Dvwebb manager

Step 2:

Write the query to change the Password like this

```
SET PASSWORD = password ('new-pass')
```

Write your desire password in place 'new-pass' and run the query.
Password would be changed.

Lycka till!

Regard

Muhammad Naeem
